### Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 1 MONTH(S) OR THIRTY (30) DAYS, WHICHEVER IS LONGER, FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

### Status

## DETAILED ACTION

### *Pre-Amendment*

1. With the pre-amendment filed on 09/16/2005, the applicant has cancelled claims 1-34 and introduced new claims 35-93. Claims 35-93 is pending in the application and has been examined.

### *Election/Restrictions*

2. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

a. ***Invention/Group I***, as shown in Figures 1 and 3, and generally found in claim(s) 35-51 and 59-86, is directed to ***a device*** and ***method*** for checking the authenticity of a forgery-proof marking on a substrate.

Patent Application Publication Nov. 17, 2005 Sheet 1 of 5 US 2005/0257270 A1

Invention of Group I

Art Unit: 2886

b. ***Invention/Group II***, as shown in Figures 5 and 6, and generally found *in the limitations* of claim(s) 52-58 and 87-93, is directed to ***a substrate having different material layers and forgery-proof marking and method*** of using said substrate.

Patent Application Publication Nov. 17, 2005 Sheet 4 of 5 US 2005/0257270 A1

Fig. 5

## Invention of Group II

3. The inventions listed as Groups I and II ***do not relate to a single general inventive concept*** under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: Group I as shown in Figures 1 and 3, and generally found in claim(s) 35-51 and 59-86, is directed to ***a device and method*** for checking the authenticity of a forgery-proof marking on a substrate. Group II as shown in Figures 5 and 6, and generally found *in the limitations* of claim(s) 52-58 and 87-93, is directed to ***a substrate having different material layers and forgery-proof marking and method*** of using said substrate. In short, the invention of **Group I** is directed to ***a device/apparatus*** and the invention of **Group II** is directed to ***a substrate***.

Group I and Group II are different and distinct inventions. ***By making the claims representing the substrate depend on the claims representing the device DOES NOT make it a single invention.***

Art Unit: 2886

4. Applicant is advised that the reply to this requirement to be complete must include **(i)** an ***election of invention*** to be examined even though the requirement may be traversed (37 CFR 1.143) and **(ii)** ***identification of the claims*** encompassing the elected invention.

The election of an invention may be made with or without traverse. To preserve a right to petition, the election must be made with traverse. If the reply does not distinctly and specifically point out supposed errors in the restriction requirement, the election shall be treated as an election without traverse.

5. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).

***Contact/Status Information***

6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to **Roy M. Punnoose** whose telephone number is **(571)272-2427**. The examiner can normally be reached on 9:30 AM - 6:00 PM.
